

MUDASSIR HUSSAIN

FULL-STACK DEVELOPER & UI/UX DESIGNER

I am a highly skilled and professional creative developer with expertise in Python automation, web development, and digital design. With a strong background in SEO audits and microstock asset creation, I bring a unique blend of technical and analytical skills to every project. A dedicated problem-solver with a keen eye for detail and a passion for building seamless user experiences.

EXPERIENCE

FULL-STACK DEVELOPER & AUTOMATION EXPERT

Self-Employed
2023 - Present

- Built custom Facebook automation bots and web scraping tools (Selenium) to streamline digital marketing tasks.
- Developed 2D games using Python (Pygame) and Godot, including logic for collision detection and level progression.
- Web Design & SEO: Created responsive websites on Odoo and Google Sites with a focus on SEO audits and keyword optimization.

UI/UX & GRAPHIC DESIGNER

Microstock Agencies (Vecteezy, Shutterstock)
2023 - Present

- Designed high-quality vector graphics, logos, and digital illustrations for global microstock agencies.
- Successfully managed Print-on-Demand (POD) stores on Zazzle and Creative Fabrica, optimizing product metadata for sales.

DIGITAL MARKETER & CONTENT SPECIALIST

Affiliate Marketing Projects
2024-Present

- Managed high-traffic Pinterest boards to promote women's fashion and tech gadgets for AliExpress and DHgate.
- Handled niche-based website content (e.g., Vanish Canada) and performed technical SEO audits to improve search rankings.
